WAS ITS BEST MEET

ST. JOSEPH FIRST AND CHILLICOTHE SECOND.

NINE RECORDS BROKEN

Maryville Was Thirteenth in Score of Points by Schools—The Winners and the Records.

The fifth annual track and field meet was held here Saturday under the most favorable conditions that have existed since the institution of the meet.

Two days previous to the meet a slight rain put the track in the best condition that it has ever been. With the ideal weather conditions that prevailed Saturday it is little wonder that the records were smashed with reckless abandon. A crowd estimated at 3,000 people witnessed the meet.

The morning preliminaries were particularly fast, three old records being broken. St. Joseph was weak in the field events, but had a walkaway in the dashes, Castle and Martin taking first and second places in these events. Saville, the Grant City Star, showed phenomenal style in the mile and half-mile runs. He ran a great mile race, breaking the old record by more than ten seconds, and shortly afterward broke the half-mile record by nearly five seconds.

Dray, the Savannah pole vaulter who set a new record last year, contested again this year, but was unable to better his old record. Younger of Maitland winning the event with a record of 10 feet 5 inches.

Several schools who have been unable to gain a place in the events before made a good showing this year. This may be taken as an indication that more interest is gradually being taken in high school athletics.

The meet was run off in record time this year, as all of the events were finished at 5 o'clock. The officials deserve particular credit for keeping the field clear of all persons who were not necessary to the running of the meet. St. Joseph Central, as usual, had the livest bunch of rooters on the ground, and continually cheered their contestants on to greater efforts. The Maryville high school contingent were close seconds in entuhsiasm and spirit and did some very creditable rooting.

Score of Points by Schools.

Notes of the Meet.

Corresponding Secretary Swinehart certainly deserves the laurels when it comes to running a track meet off on schedule time. The responsibilities of a corresponding secretary very closely resemble those of handling a Mexican situation for variety and number, and it may be said that the meet here Saturday was one of the best planned and executed since its institution.

• • •

Interested spectators were very carefully segregated from the officials and contestants on the field Saturday. The field was kept comparatively clear, which greatly facilitated the view of the spectators in the grand stand. Two special policemen were furnished by Mayor U. S. Wright, who, together with the officers of the meet, kept all persons who were not essential to the running of the meet off the field.

• • •

Lona Perrin, a former representative of The Democrat-Forum, who is now making good on the Des Moines Register-Leader, was a visitor at the track meet Saturday.

• • •

The meet lacked a star of the magnitude of Bosworth's Simpson this year, although several men showed considerable merit. Castle, Martin and Rice were the stellar performers for St. Joseph, and each established good records. Saville of Grant City set a new mark in the mile run which will probably stand for some time to come.

• • •

Maryville high school finished thirteenth in the meet Saturday with only 1¼ points to their credit. It must have been their unlucky day.

• • •

Virgil Jackson, sporting editor of the St. Joseph News-Press, attended the meet and telephoned the winners of the events to the paper after each event. His assistant accompanied him and helped in handling the events for the paper. Mr. Jackson is a brother of our Warren Jackson, secretary of the Commercial club, and has been with the News-Press about five years.

• • •

Harold Hamilton, sporting editor of the St. Joseph Gazette, attended the meet Saturday and reported the winners of each event to the Gazette after the winners were announced. Mr. Hamilton is a nephew of Dr. R. E. Hamilton of this city.

• • •

The Y. M. C. A. and the Y. W. C. A. of the Normal school served refreshments and lunch on the ground and cleared a nice sum for their efforts.

• • •

Dray, the pole vaulter from Savannah, who broke the record last year,

KILLED BY HORSE

GEO. STARR FATALLY INJURED SUNDAY AFTERNOON.

BODY FOUND BY SISTER

Young Man Kicked by a Wild Colt, Causing Death, and Body Found a Few Hours After He Died.

George Starr, 28 years old and son of Mrs. Maggie E. Starr, living two and a half miles northwest of Maryville, was killed Sunday afternoon by a kick from a horse. The accident occurred some time after dinner, and his body was not discovered until shortly after 5 o'clock.

Mr. Starr, after eating his dinner, went out into the barn yard to drive five horses out into the field. One of them was a young colt, and it is thought that this animal was the one that kicked him. His mother and sister thought he had gone over to a neighbor's to spend the afternoon and did not miss him until chore time, when his sister, Miss Lillian Starr, went out to call for him, and after walking quite a distance from the house, found his dead body.

Drs. Will Wallis, Jr., and Frank C. Wallis of Maryville were summoned at once and found the body over a barb wire, and upon examination it was found that he had been kicked in the chest. He had been dead for a few hours when found.

Mr. Starr was born twenty-eight years ago on a farm three miles north of Maryville. His father, Simon P. Starr, died nineteen years ago. The young man is survived by his mother, one sister, Miss Lillian Starr, and a brother, Orcutt Starr of Denver, Col. He attended school in Maryville. He was a good young man and a hard worker.

W. C. Pierce and family of this city took dinner with Mrs. Starr on Sunday, leaving there about 3 o'clock. The young man was gone at that time, but it was thought he had gone over to see some of the neighbors.

No funeral arrangements have been made as yet. The funeral will probably be held on Wednesday, Rev. R. L. Finch officiating.

FAILURE AT SKIDMORE.

P. E. Manning Files a Voluntary Petition in Bankruptcy With Liabilities of $50,000.

A petition in bankruptcy with the largest liabilities filed in the federal court at St. Joseph for several years was filed last week by P. E. Manning, a merchant of Skidmore. According to the St. Joseph News-Press of Saturday M. E. Ford of Maryville is acting for Manning, and he says the liabilities are $53,923.46. Of this more than $20,000 is in secured claims, chiefly promissory notes given to St. Joseph banks. The remainder of the debts are unsecured and a number of St. Joseph firms are creditors. Of these the Wheeler-Motter Mercantile company has the largest claim—$4,485. Other firms to whom large amounts are due are McCord-Donovan Shoe company, $526; Rossi Saddlery company, $471; Battreall Shoe company, $178; Letts-Parker Grocer company, $173.

Manning's assets include stock of merchandise valued at $15,000 and real estate in St. Joseph and Skidmore valued at $16,500.

An involuntary bankruptcy proceeding was brought against Manning Monday when three Kansas City firms filed a petition in the federal court at St. Joseph. The voluntary petition filed will have precedence over the involuntary proceedings.

G. W. Long of Maryville, Mo., on his way to Los Angeles, Cal., to spend the summer, visited relatives in the South end today.—Saturday's St. Joseph News-Press.

TO ATTEND STATE MEETING.

County Superintendent Oakerson and President Richardson to Jefferson City.

The annual meeting of the county superintendents of the state will be held at Jefferson City, May 5 to 9, and County Superintendent Oakerson and President Richardson of the Normal will attend. Mr. Oakerson will give a short talk on the reading circle work on Thursday forenoon of that week, and on Friday night President Richardson will deliver an address.

COOK FILES HIS CANDIDACY.

For Prosecuting Attorney on the Democratic Ticket on Monday.

Attorney Ellis G. Cook of this city today filed his declaration as a candidate for prosecuting attorney on the Democratic ticket with County Clerk Demott. Mr. Cook is well known over the county, having been born and reared here. He began teaching school when 19 years of age, and for eleven years was one of the county's foremost teachers. He was appointed county school commissioner of Nodaway county in 1905 by Governor Dockery and served one term. In 1907 he was elected superintendent of schools of Craig, Mo., and having finished his term of school there he entered the law department of the University of Missouri.

In the spring of 1909 Mr. Cook was admitted to the bar by the supreme court of Missouri. He returned to Nodaway county, and for one year was principal of the public schools of Elmo before he began the practice of law. He opened his office in Maryville September 1, 1910, and his practice has steadily grown until he stands today as one of the leading members of the Nodaway county bar. He is perhaps as well known over the county as any resident of the county, and because of his wide acquaintance and many friends he will be a formidable candidate in this race. Should he be nominated and elected, that he would make a splendid prosecuting attorney goes as a matter of course.

When seen by a reporter of this paper this morning Mr. Cook said:

"Should I be nominated and elected my policy will be the absolute enforcement of the laws, done without fear or favor."

Mrs. James Gail of Skidmore was taken to St. Joseph Monday and will undergo an operation Tuesday.

ITS ANNIVERSARY

ODD FELLOWS OBSERVED FOUNDING OF THE ORDER.

ATTENDED THE SERVICE

At First M. E. Church Sunday Morning—The Subject Was "A Lesson in Brotherhood."

The members of the local I. O. O. F. lodge attended the morning service at the First M. E. church Sunday morning, Sunday being the anniversary of the founding of the order. Rev. Gilbert S. Cox, the pastor, delivered an excellent sermon on "A Lesson in Brotherhood," the theme being taken from the parable of Dives and Lazarus. The choir sang "They That Sow in Tears," by Parks, and Rev. Cox sang "Jesus, Lover of My Soul," by Tours. The Odd Fellows were accompanied by members of the Rebekah lodge.

The sermon in part follows:

"This parable is one of the most startling statements of Jesus. It might imply the sin of wealth and virtue of poverty, but the fact is that Jesus was not concerned about the externals of life so much as the heart. It has been used as a literal picture of the sufferings and blessings of the future life, but that, too, was not the great intent of the teachings of Jesus, and the only way to arrive at the meaning of any scripture is to see it in the light of the whole life and message of the Master. It is on a closer inspection a searching story of the meaning and significance of the present mutual relations of life.

"It reveals the striking need of a poor man for help. The world is full of poverty and are at our gates. Not only a material poverty, but a lack of sympathy, friendship, brotherhood, and these are placed by the providence of God in our very pathway.

"It shows that there is a mutual need and that it was not only a duty but the greatest opportunity Dives had in life when Lazarus lay at his doorway. Our lives are transformed from selfish, hard-hearted existence to generous brotherliness when we can no longer see suffering and pass it by. That transformation is the great aim of the gospel. Service rendered in the name of Christ serves three, the giver, the recipient, and the Master.

"The story also emphasizes the fact that if we who have the word of God (Moses and the Prophets) and the poor in mind, body, morals, religion at our very gates and still are not humane there is scarcely hope for us repenting, though one returned from the dead to warn us. Brotherhood is a great word in the kingdom, not only because of those who need its ministrations but because it is a sign of the transformed life. 'Hereby we know we have passed from death unto life, because we love the brethren.'"

WERE WITHOUT A LICENSE.

Two More, Dr. D. R. MacLeod and Joseph Everhart, Arrested for Not Having This Year's Numbers.

The county authorities are still after the automobile owners who are running this year without a license. Two more were arrested, being Dr. D. R. MacLeod of this city and Joseph Everhart of Pickering. Dr. MacLeod pleaded guilty before Justice of the Peace W. L. Johnson and paid a fine of $25 and costs. Mr. Everhart's case was set for Saturday. Dr. MacLeod had a 1913 license, and said that he sent for a 1914 license some two months ago.

Roy Yeaman, who was arrested Saturday afternoon, being the first one, pleaded guilty and paid a fine of $25 and costs.

The county officers are going to see that this law is enforced. An auto owner has thirty days from January 1 to pay his license, and if it is not paid within that time they are subject to a fine. There are a number in the county who have failed to pay this year's license, and the names of these people have been secured from Secretary of State Roach.

Both Sheriff Wallace and Prosecuting Attorney Wright have issued statements several times within the past few months for the autoists to pay their licenses or they would be subject to arrest.

ILLNESS PROVES FATAL.

Mrs. John Griffey Died Saturday Evening—Burial Will Take Place Tuesday Afternoon.

Mrs. Jessie Scott Griffey, wife of John T. Griffey, died at her home, northwest of Maryville, at 6 o'clock Saturday evening, after an illness of several weeks. Mrs. Griffey was the only child of Mrs. Winfield Scott and was born August 17, 1890. She attended the Maryville high school and was a member of the May, 1911, graduating class of the Normal school. Her marriage to Mr. Griffey took place June 29, 1911, since which time they had made their home on the farm northwest of Maryville. She is survived by her husband and infant daughter, Jessie Scott, born April 17, and her mother, Mrs. Scott. Her father died in March, 1913.

Funeral services will be at the Presbyterian church at 2 o'clock Tuesday afternoon, conducted by the pastor, Rev. S. D. Harkness. Burial will be in Miriam cemetery. Mrs. Anna Cash of Cambridge, O., a cousin of the deceased, will arrive Tuesday morning to attend the funeral services. Another cousin, Mrs. Henry Sawyers of Savannah, who has been here since last Thursday, will be joined Tuesday noon by her husband, Rev. Sawyers, for the obsequies.

Mrs. Griffey's death is a severe shock to her many relatives and friends and she will be especially missed in the Presbyterian church, where she had been an active member for a number of years.

Screen Doors.

Postmaster James Todd received word Monday from the department at Washington, D. C., to let the bids for screen doors for the postoffice building here May 6. The screens for the windows have already been made, and those for the doors have been delayed. Contractors are to submit their bids on or before that day.

ACCIDENT FATAL

CHARLES WOOD OF NEAR BARNARD DIED SUNDAY MORNING.

STRUCK BY AUTOMOBILE

Driven by Mr. Carter of Fairfax—Funeral Services Tuesday at the Graham M. E. Church.

Charles Wood, who was seriously injured Saturday noon near Barnard, died at 2:30 o'clock Sunday morning at the home of Worth Smith, where he was taken after the accident. Mr. Wood never gained consciousness and was so badly hurt that he was unable to talk.

The accident occurred on the road running west from Barnard, near the home of Worth Smith. Mr. Wood, accompanied by his son, was hauling a load of wheat from his home, eight and a half miles northwest of Barnard, to Barnard. Mr. Wood was walking and driving the horses and his son was on the wagon. He was hit by a White Steamer racer driven by a Mr. Carter, a young man who runs a garage at Fairfax. George Zancker, formerly a chauffeur for James B. Robinson of this city, and Carter were on their way from St. Joseph to Maryville. Mr. Zancker was driving a party of people to Maryville for the track meet. Carter and Zancker went through Barnard about the same time, and when they got on the road running west from Barnard they started to speed up. The road was in fine condition for a distance of over two miles. Zancker was in the lead, and when he met the wagon he passed on the side Mr. Wood was walking. Zancker, it is reported, missed Mr. Wood about two feet. The people along the road claim that they were going at a good gait. Carter followed Zancker in passing the wagon and hit Mr. Wood. The right front wheel of the car was torn off, but Carter was uninjured. Mr. Wood was picked up unconscious. He was carried to Worth Smith's home, a short distance away. The car hit the load of wheat and knocked it about a foot out of its tracks.

Carter's home is in Fairfax, and it is supposed he was on his way home from St. Joseph. George Zancker was driving the Comstock car and had as passengers Charles Berry, a prominent railroad man of St. Joseph; Rice McDonald of the Empire Trust company of St. Joseph, and his son and two other boys.

Both of the cars stopped after the accident, and Mr. Wood was carried to the home of Mr. Smith. Mr. Carter stayed with Mr. Wood until Sunday afternoon. He was much affected by the accident. In telling of the accident he said that Mr. Wood was out in front of the horses, as they were frightened by the automobiles. The horses jumped to one side of the road, throwing Mr. Wood in such a way that the car struck him. Mr. Carter was also of the opinion that Wood was thrown under the wagon load of wheat.

Several stories are told in regard to the accident, and there were no witnesses except Mr. Carter. It is not known whether any action will be taken by the county authorities.

It is also said by people that arrived on the scene of the accident that both cars passed the wagon of the wrong side of the road.

Charles Wood was 53 years old. He was born in Morgan county, Ohio, June 14, 1861. He moved to Nodaway county in 1880 and settled six and a half miles southeast of Graham and has lived there for nearly thirty years. He was married to Miss Louellen Smith, March 8, 1888. Five children were born to them, one daughter, Ruby Ethel, dying in infancy. They are Edna E., Louis, Harry E. and Mildred, at home. Five brothers and one sister survive him: Albert Wood, Chilen, Neb.; Joseph and John Wood of Blackwell, Okla.; Chester Wood Reed, Cal.; William Wood, Skidmore; Mrs. Mary Jane Stowe of Fresno, Cal.

Funeral services will be held at the M. E. church at Graham Tuesday afternoon. Rev. W. A. Chapman will officiate and burial will take place at the I. O. O. F. cemetery there.

gave as a reason for not so doing this year the fact that while working out Tuesday of last week his pole broke, letting him fall to the ground and straining his back.

* * *

Harroun, the little fellow from St. Joseph Central who made such a good finish in the mile run and was cheered so heartily by the fans, had only practiced for the event about two weeks, and this was his initial appearance in any field event. He finished in fifth place, but made a phenomenal showing on the home stretch. It was the prediction of many spectators that if he appears on the program again next year he will give somebody a run for his money.

* * *

It is a very noticeable fact that none of the records established by Simpson of Bosworth were broken this year. It will be remembered that he is that tall fellow who kept himself wrapped up in a big army blanket and won first place in six events and one second place and broke four records. Somebody suggested that he be placed in a guard house. If you don't remember him just ask some of those fellows who had to compete against him and they can probably impart the desired information.

* * *

St. Joseph Central high school certainly upheld their reputation for consistent rooting this year. The school had a delegation of nearly 200 boosters, who came up on the special train from St. Joseph. The Maryville high school rooters were also very much in evidence and certainly supported their contestants loyally.

* * *

Due to the ideally perfect day and the good roads, the largest number of cars ever in attendance at this meet were lined up around the track Saturday.

Three directors of the club are to be selected at this meeting.

OLD PEOPLE GAIN

Strength by Taking Vinol—Here is Proof.

So many cases like this are constantly coming to our attention that we publish it for the benefit of others: Mr. John Widmayer of Jackson, Mich., says. "I am nearly 70 years of age, and was in a feeble condition but Vinol has done wonders for me. It is the best medicine to create strength I have ever seen and I have taken a good many of them. Last spring I was run down and worn out but I took Vinol and soon regained my strength. Vinol is certainly an invigorating tonic for old people."

It is the medicinal curative elements of the cod livers without oil, aided by the blood-making and strength-creating properties of tonic iron which are contained in Vinol that makes it so efficient in such cases.

If you have an aged father, mother or anyone in your family who needs a strength-creating tonic, try Vinol on our offer to give back your money if it fails to benefit. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

TRYING TO GET A PARDON.

Elmo Delegation Here Monday Seeing County Authorities About Dr. James Neeley.

A delegation from Elmo, composed of a number of the citizens, were in Maryville Monday seeing the county authorities in regard to getting a pardon for Dr. James Neeley, the Elmo physician, who was sent to the state penitentiary at Jefferson City last September, after pleading guilty in court to a charge of bigamy. Neeley was sent up for two years and has about a year left yet to serve. The delegation called on Prosecuting Attorney George Pat Wright, and he gave no decision in the matter, saying that he would take it under advisement.

A RADIUM ORE.

Pitchblende Deposit in Colorado the Only One in the United States.

The interest that has recently been manifested in radium has created a public demand for information both practical and theoretical in regard to the mineral deposits from which it is derived. A short report by Edson S. Bastin on the "Geology of the Pitchblende ores of Colorado," recently issued by the United States geological survey, deals mainly with the geology, mineralogy and origin of these deposits, their practical utilization having been treated somewhat fully in other publications.

The quantity of uranium ores mined in the United States is exceedingly small, and the great bulk of it, from Utah and southwestern Colorado, does not carry pitchblende but contains the brilliant yellow uranium mineral carnotite. The small pitchblende production of this country is all from the one locality described in this report, in the heart of Gilpin county, famous as the birthplace of the gold mining industry of Colorado. There pitchblende occurs as a constituent of mineral veins which were first worked for their gold and silver content and which still yield important amounts of these precious metals. It is notable that the only other localities in the world where pitchblende has been found in important quantities in mineral veins are the Erzgebirge (in Bohemia and Saxony) and the Cornwall district (in England). Its mode of occurrence in these countries is also described by Mr. Bastin.

This report forms Professional Paper 90-A and may be obtained free by addressing the director of the United States Geological Survey, Washington, D. C.

BETTER ROADS CONVENTION.

Called at Jefferson City, May 14th—State-Wide Movement.

A state convention is hereby called to meet in Jefferson City, Mo., on Thursday, May 14, 1914, to federate all good roads organizations and all lovers of better roads into a state-wide movement, a Missouri Better Roads Federation.

The call is made on the unanimous agreement of citizens who journeyed to Kansas City to consider ways and means to unite all good roads advocates and to eliminate every jar and discord liable to arise over disagreements as to ways and means of getting better roads of all types and kinds.

This plan to federate all elements is not only non-partisan and non-political, but it is free from factional purpose also. The following persons sign the call, no officers being chosen, as that is left to the delegated body in convention to decide: C. F. Adams of Chillicothe, G. J. Hinshaw of Kansas City, Frank W. Buffum of Louisiana, Roy F. Britton of St. Louis, W. A. Alsdorf of Kansas City, Jewell Mayes of Columbia, Judge E. W. Shannon of ... unions), central labor organizations, groups of bankers, automobile dealers' associations, road machinery and material organizations, real estate exchanges. Also the Missouri state board (19) of agriculture as a body, all county highway engineers, and a representative of each newspaper or magazine published in the state.

The committee voted to invite Governor Major and Ex-Governor Hadley to address the meeting, which will convene at 9 o'clock for one day, carrying out the non-partisan spirit without a dissenting voice. This is a people's convention, coming from all the ranks of life. It has no hidden motive or sinister purpose. It is a state-wide conference to federate all who want to continue the good fight for good roads, for "In union there is strength."

Spraying Peach Trees

First Spraying. A few days after the blooming period, when the calyx tube or "shuck" is just dropping off from the little peaches, spray with arsenate of lead paste 2 pounds, lime 4 pounds, water 50 gallons. (Slake the lime, mix the arsenate with water and pour in, then add water to make 50 gallons).

Second Spraying. Three weeks after the first application, use arsenate of lead paste 1½ pounds, the Scott self-boiled lime sulphur 8-8-50. This kind of lime cannot be bought, so it must be made at home. Slake 8 lbs. of lime in a box or large vessel. When it begins to simmer from its own heat, stir in 8 pounds of fine sulphur. Stop the simmering or boiling at the end of eight or ten minutes by pouring on cold water. Strain the mixture into a barrel and add water to bring up to 50 gallons.

Peaches are sprayed in order to prevent the brown rot which destroys the fruit near ripening time. To aid in preventing the rot, it is necessary to poison the curculio insect which is responsible for spreading the disease.

Sometimes a third application will be necessary. This should be made one month before the fruit is ripe with self-boiled lime sulphur 8-8-50. It is not necessary to add any poison. The commercial lime sulphur, even when greatly diluted, is not safe for spraying peaches, as it is liable to cause injury to both fruit and foliage.

Spraying Outfits. A barrel sprayer will spray from five to ten acres of orchard and costs, complete, from $12 to $30. A bucket sprayer is useful for whitewashing or spraying a dozen trees or less; costs $3.50 to $8. The small hand compressed air and knapsack outfits are used for spraying potatoes, nursery trees, berries and vineyards. They cost from $5 to $15.

YOUR HAIR NEEDS PARISIAN SAGE

It Quickly Removes Dandruff.

Just because your hair is full of dandruff, thin, streaky, dull and never will do up to look pretty, do not despair. Beautiful hair, thick, fluffy, lustrous and absolutely free from dandruff is only a matter of care.

Parisian Sage frequently applied will work wonders. Just one application stops itching head, removes dandruff and all excessive oil. It goes right to the hair roots and furnishes the nourishment needed—the hair becomes soft, fluffy, abundant and radiant with life.

Parisian Sage not only saves the hair but stimulates it to grow long and heavy. Get a 50-cent bottle from T. J. Parle at once. There is no other "Just-as-good."

All sprayers should have brass working parts which are not injured by acids.

HUERTA ACCEPTS MEDIATION OFFER

Spanish Ambassador Gets News to That Effect.

Washington, April 27.—Spanish Ambassador Riano announced that he had received private advices from Mexico City stating that General Huerta had accepted the offer of Argentina, Brazil and Chile to use their good offices to bring about an amicable settlement of the difficulty between the United States and Mexico.

This information, though unofficial, was accepted as authentic by the ambassador, who expects to be prepared to place General Huerta's formal acceptance before the representatives of the three South American countries today.

While the Latin-American diplomats were waiting until they could take up the mediation proposal further, activity in the war and navy departments proceeded, and department heads were exerting their energies to completion of the operations already under way at Vera Cruz and along the Mexican border.

BURTON WILSON A PRISONER

American Taken From Train by Federals Former Nebraskan.

Lincoln, April 27.—Burton Wilson, the American reported as being taken from a refugee train leaving Mexico City and detained, is a Lincoln man, a graduate of the University of Nebraska and a classmate of F. W. Lehmer of Omaha, arrested near Vera Cruz.

Wilson was in business in Mexico City. Last fall, when conditions in Mexico were disturbed, he brought his wife and children here for safety. They are now with relatives in Iowa. Wilson, when here, was apprehensive of trouble, and was in communication with Secretary Bryan and other officials on conditions prevailing.

Foreign Ships Carry Refuges.

Washington, April 27.—Secretary of State Bryan was advised that British and German war vessels had left Tampico, bound for Vera Cruz, loaded with refugees, mostly Americans. The secretary said that all nations represented in Mexican waters were co-operating with the United States in handling the refugees. The refugees from Tampico will be transshipped at Vera Cruz for transportation to Galveston.

Ranches Are Looted.

Washington, April 27.—An American who has just arrived at Eagle Pass, Tex., from Musquiz, a town in Coahuila, about 200 miles distant from Eagle Pass, reports that the federals have taken from Rosedia ranch 250 horses, 150 mules and 11,000 cattle. Notice, according to a message to the state department, has been given that all American property in that section would be seized by the Huerta forces.

Ammunition Smuggler Pardoned.

Leavenworth, April 27.—John S. Talbott, received at the federal prison from El Paso, Feb. 27, to serve a sentence of one year on a conviction of smuggling arms and ammunition across the border, was released on a pardon from President Wilson. Talbott left for El Paso. He announced he would enlist with the United States regulars upon reaching home.

Noncombatants Warned.

Vera Cruz, Mex., April 27.—Definite instructions from Rear Admiral Badger, commander in chief of the Atlantic fleet, to all American noncombatants to leave Vera Cruz by the steamer Mexico, were posted at the consulate and other conspicuous places.

MARTIAL LAW STOPS SNIPING

Idle and Vicious at Vera Cruz to Be Put to Work.

TO EXTERMINATE THE PRACTICE

Foreign Consuls Call at War Headquarters and Urge Action Be Taken to Stamp It Out Thoroughly—American Stores to Be Looted.

Vera Cruz, Mex., April 27.—By the effective method of extermination, sniping by Mexicans, which has been responsible for the killing or wounding of many Americans, is to be stopped. The foreign consuls called in a body at military headquarters and urged the adoption of some measures that would quickly restore tranquillity, and promising their co-operation at least their moral support.

The consuls were assured that there was no intention to subject the residents much longer to the danger of bullets from this source. It was decided that hereafter all American marines and bluejackets shall be withdrawn from all roofs except at a few designated points, such as church towers, and that the patrols shall be instructed to shoot to kill any other individual seen on any other roof after 7:30 o'clock in the evening.

The patrols also will be instructed to surround and search any house from which sniping occurs and to shoot any person guilty of indulging in this practice. It is realized that much of the trouble has been caused by the idle and vicious elements and prisoners of this class will be held in some building or inclosure in the outskirts and will be compelled to do much of the work which is now being done by the marines and bluejackets.

Information regarding the new and drastic measures to be employed is being disseminated by official order. It is likely that steps also will be taken at an early date to regulate, or even suppress certain of the local newspapers, which have been printing articles calculated to inflame the people against the Americans.

American Stores to Be Looted.

Circulars enumerating American business houses are being distributed in the streets of Mexico City. The handbills call on the populace to destroy the concerns listed. Some of the American stores whose names appeared in the circular already have been looted.

Another list being distributed is that of Mexicans managing some of the American stores. It is declared these men must be killed because of their identification with foreign interests.

The newspapers of the capital are publishing stories to the effect that the American forces at Vera Cruz are slaughtering women and children and the papers call on Mexicans in Mexico City to retaliate in a similar manner.

Other stories printed by the newspapers say that France, Germany, Great Britain and Spain had declared war against the United States and that American battleships have sunk several ships flying the flags of these nations. Mexicans also are told that the Mexican army has invaded the United States and that the negroes in the southern states have risen and are assisting the Mexicans.

Vera Cruz Under Martial Law.

Vera Cruz today is under martial law. Rear Admiral Frank F. Fletcher, commanding the American naval forces on shore, issued a proclamation to this effect and the last opportunity Mexicans had for handling their own affairs in Vera Cruz under their own laws disappeared.

Admiral Fletcher determined there should be no more quibbling with the Mexican officials regarding forms of government. Until further notice the residents of this port will be judged by military law. This proclamation makes Rear Admiral Fletcher absolute ruler ashore.

RED CROSS PERSONS SHOT

Two Attendants Bearing Mexican Child Fired on at Tampico.

Galveston, April 27.—Passengers of the Esperanza handed over a typewritten statement from Vera Cruz giving their versions of the escape from Tampico, asserting that the action of the American warships Dolphin, Chester and Des Moines in departing left them "unprotected" and "deserted."

Two small American ships, the statement said, the Wild Duck and the Wakiva, got out of the harbor by flying the German and British flags, respectively, after the Mexican gunboats at Tampico had threatened to sink them if they moved. The statement said two Red Cross attendants were shot down by Mexicans at Vera Cruz while carrying a Mexican child.

On board the Esperanza was an American wounded by a bullet which came through a port hole as the Esperanza left Vera Cruz.

Train for Refugees.

Washington, April 27.—The superintendent of the Southern Pacific railroad at Nogales has managed to have a special train dispatched from Lo Moschis to convey another train of Americans to Nogales, Ariz. Another train started from Esperanza to gather up Americans in the Yaqui valley and bring them to Nogales.

Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is *the one* tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco *cannot* sting, bite or irritate the delicate membranes of the mouth or throat.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.

MEXICANS IMPRISON AMERICANS

Taken From Train by Federal Soldiers.

ARE HELD AS PRISONERS

Protest Made by Head of Smelting Company is of No Avail.

MOB DEMANDS THEIR LIVES.

But They Are Protected by Police and Locked in Smelter.

Washington, April 27.—American Consul Canada has notified the state department that many American refugees have been taken from train and imprisoned at Aguas Calientes by Mexican soldiers.

Besides Americans, the consul reports other foreigners have been detained, most of them having been employees of the smelters at Aguas Calientes.

Protest against the action was made to Consul Canada by Alfred Doerr, president of the American Smelting and Refining company, who succeeded in reaching Vera Cruz from Aguas Calientes.

The state department at Washington, through the Brazilian ambassador, has asked that the American citizens imprisoned be released.

Among them was Gaston Schmutz, United States consul at Aguas Calientes.

Some of the others are: Miss Kay, matron at the Aguas Calientes hotel; Mr. and Mrs. A. B. Culver, Mr. and Mrs. F. H. Peyton and their two children, Mrs. H. Riehlmann and her four children, Mrs. Schmutz, wife of the American consul; C. Baker, general manager of the American Smelting and Refining company; E. E. Hearn, H. D. Wilde, Mr. and Mrs. H. H. Harroun and their daughter, F. H. McAuley, Mr. Partridge, C. F. Lucas, J. I. Henderson, Mrs. A. B. Emery, Walter Eikel, A. W. Koch, H. Hendricksen of the La Fe Mining company, Mr. Kenyon, Mr. and Mrs. F. H. Lee, H. H. Hollingsworth and wife, P. W. Jones and Mr. Sorrell.

Pulled From Train.

Later it was learned that Consul Canada reported to the state department that the Americans and other refugees held at Aguas Calientes had been pulled from a train about to leave for Vera Cruz by a mob and that local police interfered and rescued them. They were then held in the smelters, none being permitted to reboard the train. Consul Canada also reported that about 300 American refugees from Mexico City had arrived at Vera Cruz.

Mr. Doerr, according to Consul Canada, reported the Aguas Calientes incident and gave the names of more than fifty Americans, mostly women and children, who were on the train and are now in the smelter, where they are held for protection. He says that when the party was first dragged off the train at Incarnacion, the mob demanded the lives of the Americans, and even went so far as to produce two priests who might have heard their confession before they were put to death.

Troops who were on hand dissuaded the mob from violence at that stage, segregated the Americans in one car and managed to get them to the smelter, where they are now confined.

Another party of about fifty Americans boarded the same train which left Aguas Calientes, but were thrown off by the train crew at Trinidad, where, at last reports, they were stranded with no hotel and no accommodations of any kind.

Crowds at Montevideo Hostile.

Montevideo, Uruguay, April 27.—A demonstration occurred here in protest against American intervention in Mexico. The police prevented the demonstration from approaching the American legation and finally dispersed them. During a scuffle between the police and a group of rioters several persons were injured.

Mexicans Burn Bridges.

Washington, April 27.—Naval aviators, who made flights over and around Vera Cruz, reported that several of the bridges and trestles along the railroad from Mexico City were burning. This was cabled to the navy department by Rear Admiral Fletcher.

Martial Law for Ulster.

London, April 27.—Confirmation has been received that the authorities are preparing to move troops into Ulster and it is rumored that martial law will be proclaimed there.

Home From Florida.

Mr. and Mrs. Fred Kurtz and sons returned Saturday noon from St. Petersburg, Fla., where they spent the winter months.

Mrs. S. A. Helwig returned Saturday night from a three weeks visit in Kansas City with relatives.

T. L. Wadley returned Thursday morning from a week's business trip to Milwaukee, Wis.

FLAG TORN DOWN BY FEDS AT MONTEREY

Consul General a Prisoner, but Liberated by Rebels.

Washington, April 27.—United States Consul General Philip C. Hanna at Monterey reported to Secretary Bryan that he had been humiliated and placed in jail by Mexican federal officials April 22, and kept behind the bars until released two days later by the constitutionalists when they captured the city.

Consul Hanna's telegram follows:

"On April 21 a federal military officer named Captain Alvarez Del Castillo, evidently instructed by the federal military commander to tear down all American flags, arrived at this consulate general with a street mob and pounded on the door and demanded that the American flag over this consulate general be immediately lowered or he would shoot it down, and the other federals proceeded to tear down all American flags, standing on them and making speeches, throughout the city of Monterey, burning some of them, and tearing them up and leaving them piled in the middle of the streets.

"It was the most insulting act that I or any of the people of Monterey have ever witnessed. They then placed a police guard in front of this consulate general, and all the inmates in this building were considered prisoners. The next morning a police lieutenant arrived with a force of men and advised me that he had been instructed to search the building. When the insulting search was completed your consul general was taken prisoner through the streets and carried first to the penitentiary and afterwards to the state government palace, which building has been for some time military headquarters and fortified, and was the object of special attack by the then attacking forces.

"About 8 o'clock in the evening, April 22, I was taken before the military court and notified that I was charged of being in sympathy with the constitutionalist chiefs.

"I was kept a prisoner in communicado until the evacuation of the city by the federal troops and until the arrival of the constitutionalists' forces early this morning. There were times during the period when it was believed by many that I would be shot or carried to the mountains as their prisoner in case the federals evacuated. However, the evacuation of the city by their forces, federal, state and police, took place during last night, and I was left alone in the state capitol building.

"The constitutionalist forces carried on a successful attack for about five days, which resulted in the defeat of the federal army with heavy losses."

BANKERS UNDER ARREST

Taken Into Custody When They Refuse to Loan Huerta Money.

Vera Cruz, April 27.—According to advices received here from Mexico City, K. M. Van Zandt, the president, and all the trustees and officers of the American club there are under arrest and all are officials of the Mercantile Banking company and the Mexico City Banking company. The officers of the banking institution were arrested because of their refusal to contribute money to the Mexican government.

The American grocery was burned and an attempt made to fire the American club. Three other American stores were looted.

The government appears to be encouraging the demonstrations against Americans, although the burning and looting is held in check by the police.

Mexicans Raid Ysleta Powder Stores.

El Paso, Tex., April 27.—Armed Mexicans are reported to have raided a private powder magazine at Ysleta, twelve miles east of here. Deputy sheriffs are said to have fired on them. Troop A, Thirteenth cavalry, is reported to have rushed to the scene.

Mrs. P. J. Tobin and son, Francis, were Sunday guests at the home of her brother and sister-in-law, Mr. and Mrs. D. F. Sherlock of St. Joseph.

WAS ITS BEST MEET

ST. JOSEPH FIRST AND CHILLICOTHE SECOND.

NINE RECORDS BROKEN

Maryville Was Thirteenth in Score of Points by Schools—The Winners and the Records.

The fifth annual track and field meet was held here Saturday under the most favorable conditions that have existed since the institution of the meet.

Two days previous to the meet a slight rain put the track in the best condition that it has ever been. With the ideal weather conditions that prevailed Saturday it is little wonder that the records were smashed with reckless abandon. A crowd estimated at 3,000 people witnessed the meet.

The morning preliminaries were particularly fast, three old records being broken. St. Joseph was weak in the field events, but had a walkaway in the dashes, Castle and Martin taking first and second places in these events. Saville, the Grant City Star, showed phenomenal style in the mile and half-mile runs. He ran a great mile race, breaking the old record by more than ten seconds, and shortly afterward broke the half-mile record by nearly five seconds.

Dray, the Savannah pole vaulter who set a new record last year, contested again this year, but was unable to better his old record. Younger of Maitland winning the event with a record of 10 feet 5 inches.

Several schools who have been unable to gain a place in the events before made a good showing this year. This may be taken as an indication that more interest is gradually being taken in high school athletics.

The meet was run off in record time this year, as all of the events were finished at 5 o'clock. The officials deserve particular credit for keeping the field clear of all persons who were not necessary to the running of the meet. St. Joseph Central, as usual, had the livest bunch of rooters on the ground, and continually cheered their contestants on to greater efforts. The Maryville high school contingent were close seconds in entuhsiasm and spirit and did some very creditable rooting.

Notes of the Meet.

Corresponding Secretary Swinehart certainly deserves the laurels when it comes to running a track meet off on schedule time. The responsibilities of a corresponding secretary very closely resemble those of handling a Mexican situation for variety and number, and it may be said that the meet here Saturday was one of the best planned and executed since its institution.

* * *

Interested spectators were very carefully segregated from the officials and contestants on the field Saturday. The field was kept comparatively clear, which greatly facilitated the view of the spectators in the grand stand. Two special policemen were furnished by Mayor U. S. Wright, who, together with the officers of the meet, kept all persons who were not essential to the running of the meet off the field.

* * *

Lona Perrin, a former representative of The Democrat-Forum, who is now making good on the Des Moines Register-Leader, was a visitor at the track meet Saturday.

* * *

The meet lacked a star of the magnitude of Bosworth's Simpson this year, although several men showed considerable merit. Castle, Martin and Rice were the stellar performers for St. Joseph, and each established good records. Saville of Grant City set a new mark in the mile run which will probably stand for some time to come.

* * *

Maryville high school finished thirteenth in the meet Saturday with only 1¼ points to their credit. It must have been their unlucky day.

* * *

Virgil Jackson, sporting editor of the St. Joseph News-Press, attended the meet and telephoned the winners of the events to the paper after each event. His assistant accompanied him and helped in handling the events for the paper. Mr. Jackson is a brother of our Warren Jackson, secretary of the Commercial club, and has been with the News-Press about five years.

* * *

Harold Hamilton, sporting editor of the St. Joseph Gazette, attended the meet Saturday and reported the winners of each event to the Gazette after the winners were announced. Mr. Hamilton is a nephew of Dr. R. E. Hamilton of this city.

* * *

The Y. M. C. A. and the Y. W. C. A. of the Normal school served refreshments and lunch on the ground and cleared a nice sum for their efforts.

* * *

Dray, the pole vaulter from Savannah, who broke the record last year,

KILLED BY HORSE

GEO. STARR FATALLY INJURED SUNDAY AFTERNOON.

BODY FOUND BY SISTER

Young Man Kicked by a Wild Colt, Causing Death, and Body Found a Few Hours After He Died.

George Starr, 28 years old and son of Mrs. Maggie E. Starr, living two and a half miles northwest of Maryville, was killed Sunday afternoon by a kick from a horse. The accident occurred some time after dinner, and his body was not discovered until shortly after 5 o'clock.

Mr. Starr, after eating his dinner, went out into the barn yard to drive five horses out into the field. One of them was a young colt, and it is thought that this animal was the one that kicked him. His mother and sister thought he had gone over to a neighbor's to spend the afternoon and did not miss him until chore time, when his sister, Miss Lillian Starr, went out to call for him, and after walking quite a distance from the house, found his dead body.

Drs. Will Wallis, Jr., and Frank C. Wallis of Maryville were summoned at once and found the body over a barb wire, and upon examination it was found that he had been kicked in the chest. He had been dead for a few hours when found.

Mr. Starr was born twenty-eight years ago on a farm three miles north of Maryville. His father, Simon P. Starr, died nineteen years ago. The young man is survived by his mother, one sister, Miss Lillian Starr, and a brother, Orcutt Starr of Denver, Col. He attended school in Maryville. He was a good young man and a hard worker.

W. C. Pierce and family of this city took dinner with Mrs. Starr on Sunday, leaving there about 3 o'clock. The young man was gone at that time, but it was thought he had gone over to see some of the neighbors.

No funeral arrangements have been made as yet. The funeral will probably be held on Wednesday, Rev. R. L. Finch officiating.

FAILURE AT SKIDMORE.

P. E. Manning Files a Voluntary Petition in Bankruptcy With Liabilities of $50,000.

A petition in bankruptcy with the largest liabilities filed in the federal court at St. Joseph for several years was filed last week by P. E. Manning, a merchant of Skidmore. According to the St. Joseph News-Press of Saturday M. E. Ford of Maryville is acting for Manning, and he says the liabilities are $53,923.46. Of this more than $20,000 is in secured claims, chiefly promissory notes given to St. Joseph banks. The remainder of the debts are unsecured and a number of St. Joseph firms are creditors. Of these the Wheeler-Motter Mercantile company has the largest claim—$4,485. Other firms to whom large amounts are due are McCord-Donovan Shoe company, $526; Rossi Saddlery company, $471; Battreall Shoe company, $178; Letts-Parker Grocer company, $173.

Manning's assets include stock of merchandise valued at $15,000 and real estate in St. Joseph and Skidmore valued at $16,500.

An involuntary bankruptcy proceeding was brought against Manning Monday when three Kansas City firms filed a petition in the federal court at St. Joseph. The voluntary petition filed will have precedence over the involuntary proceedings.

G. W. Long of Maryville, Mo., on his way to Los Angeles, Cal., to spend the summer, visited relatives in the South end today.—Saturday's St. Joseph News-Press.

TO ATTEND STATE MEETING.

County Superintendent Oakerson and President Richardson to Jefferson City.

The annual meeting of the county superintendents of the state will be held at Jefferson City, May 5 to 9, and County Superintendent Oakerson and President Richardson of the Normal will attend. Mr. Oakerson will give a short talk on the reading circle work on Thursday forenoon of that week, and on Friday night President Richardson will deliver an address.

COOK FILES HIS CANDIDACY.

For Prosecuting Attorney on the Democratic Ticket on Monday.

Attorney Ellis G. Cook of this city today filed his declaration as a candidate for prosecuting attorney on the Democratic ticket with County Clerk Demott. Mr. Cook is well known over the county, having been born and reared here. He began teaching school when 19 years of age, and for eleven years was one of the county's foremost teachers. He was appointed county school commissioner of Nodaway county in 1905 by Governor Dockery and served one term. In 1907 he was elected superintendent of schools of Craig, Mo., and having finished his term of school there he entered the law department of the University of Missouri.

In the spring of 1909 Mr. Cook was admitted to the bar by the supreme court of Missouri. He returned to Nodaway county, and for one year was principal of the public schools of Elmo before he began the practice of law. He opened his office in Maryville September 1, 1910, and his practice has steadily grown until he stands today as one of the leading members of the Nodaway county bar. He is perhaps as well known over the county as any resident of the county, and because of his wide acquaintance and many friends he will be a formidable candidate in this race. Should he be nominated and elected, that he would make a splendid prosecuting attorney goes as a matter of course.

When seen by a reporter of this paper this morning Mr. Cook said:

"Should I be nominated and elected my policy will be the absolute enforcement of the laws, done without fear or favor."

Mrs. James Gail of Skidmore was taken to St. Joseph Monday and will undergo an operation Tuesday.

ITS ANNIVERSARY

ODD FELLOWS OBSERVED FOUNDING OF THE ORDER.

ATTENDED THE SERVICE

At First M. E. Church Sunday Morning—The Subject Was "A Lesson in Brotherhood."

The members of the local I. O. O. F. lodge attended the morning service at the First M. E. church Sunday morning, Sunday being the anniversary of the founding of the order. Rev. Gilbert S. Cox, the pastor, delivered an excellent sermon on "A Lesson in Brotherhood," the theme being taken from the parable of Dives and Lazarus. The choir sang "They That Sow in Tears," by Parks, and Rev. Cox sang "Jesus, Lover of My Soul," by Tours. The Odd Fellows were accompanied by members of the Rebekah lodge.

The sermon in part follows:

"This parable is one of the most startling statements of Jesus. It might imply the sin of wealth and virtue of poverty, but the fact is that Jesus was not concerned about the externals of life so much as the heart. It has been used as a literal picture of the sufferings and blessings of the future life, but that, too, was not the great intent of the teachings of Jesus, and the only way to arrive at the meaning of any scripture is to see it in the light of the whole life and message of the Master. It is on a closer inspection a searching story of the present mutual relations of life.

"It reveals the striking need of a poor man for help. The world is full of poverty and are at our gates. Not only a material poverty, but a lack of sympathy, friendship, brotherhood, and these are placed by the providence of God in our very pathway.

"It shows that there is a mutual need and that it was not only a duty but the greatest opportunity Dives had in life when Lazarus lay at his doorway. Our lives are transformed from selfish, hard-hearted existence to generous brotherliness when we can no longer see suffering and pass it by. That transformation is the great aim of the gospel. Service rendered in the name of Christ serves three, the giver, the recipient, and the Master.

"The story also emphasizes the fact that if we who have the word of God (Moses and the Prophets) and the poor in mind, body, morals, religion at our very gates and still are not humane there is scarcely hope for us repenting, though one returned from the dead to warn us. Brotherhood is a great word in the kingdom, not only because of those who need its ministrations but because it is a sign of the transformed life. 'Hereby we know we have passed from death unto life, because we love the brethren.'"

WERE WITHOUT A LICENSE.

Two More, Dr. D. R. MacLeod and Joseph Everhart, Arrested for Not Having This Year's Numbers.

The county authorities are still after the automobile owners who are running this year without a license. Two more were arrested, being Dr. D. R. MacLeod of this city and Joseph Everhart of Pickering. Dr. MacLeod pleaded guilty before Justice of the Peace W. L. Johnson and paid a fine of $25 and costs. Mr. Everhart's case was set for Saturday. Dr. MacLeod had a 1913 license, and said that he sent for a 1914 license some two months ago.

Roy Yeaman, who was arrested Saturday afternoon, being the first one, pleaded guilty and paid a fine of $25 and costs.

The county officers are going to see that this law is enforced. An auto owner has thirty days from January 1 to pay his license, and if it is not paid within that time they are subject to a fine. There are a number in the county who have failed to pay this year's license, and the names of these people have been secured from Secretary of State Roach.

Both Sheriff Wallace and Prosecuting Attorney Wright have issued statements several times within the past few months for the autoists to pay their licenses or they would be subject to arrest.

ILLNESS PROVES FATAL.

Mrs. John Griffey Died Saturday Evening—Burial Will Take Place Tuesday Afternoon.

Mrs. Jessie Scott Griffey, wife of John T. Griffey, died at her home, northwest of Maryville, at 6 o'clock Saturday evening, after an illness of several weeks. Mrs. Griffey was the only child of Mrs. Winfield Scott and was born August 17, 1890. She attended the Maryville high school and was a member of the May, 1911, graduating class of the Normal school. Her marriage to Mr. Griffey took place June 29, 1911, since which time they had made their home on the farm northwest of Maryville. She is survived by her husband and infant daughter, Jessie Scott, born April 17, and her mother, Mrs. Scott. Her father died in March, 1913.

Funeral services will be at the Presbyterian church at 2 o'clock Tuesday afternoon, conducted by the pastor, Rev. S. D. Harkness. Burial will be in Miriam cemetery. Mrs. Anna Cash of Cambridge, O., a cousin of the deceased, will arrive Tuesday morning to attend the funeral services. Another cousin, Mrs. Henry Sawyers of Savannah, who has been here since last Thursday, will be joined Tuesday noon by her husband, Rev. Sawyers, for the obsequies.

Mrs. Griffey's death is a severe shock to her many relatives and friends and she will be especially missed in the Presbyterian church, where she had been an active member for a number of years.

Screen Doors.

Postmaster James Todd received word Monday from the department at Washington, D. C., to let the bids for screen doors for the postoffice building here May 6. The screens for the windows have already been made, and those for the doors have been delayed. Contractors are to submit their bids on or before that day.

ACCIDENT FATAL

CHARLES WOOD OF NEAR BARNARD DIED SUNDAY MORNING.

STRUCK BY AUTOMOBILE

Driven by Mr. Carter of Fairfax—Funeral Services Tuesday at the Graham M. E. Church.

Charles Wood, who was seriously injured Saturday noon near Barnard, died at 2:30 o'clock Sunday morning at the home of Worth Smith, where he was taken after the accident. Mr. Wood never gained consciousness and was so badly hurt that he was unable to talk.

The accident occurred on the road running west from Barnard, near the home of Worth Smith. Mr. Wood, accompanied by his son, was hauling a load of wheat from his home, eight and a half miles northwest of Barnard, to Barnard. Mr. Wood was walking and driving the horses and his son was on the wagon. He was hit by a White Steamer racer driven by a Mr. Carter, a young man who runs a garage at Fairfax. George Zancker, formerly a chauffeur for James B. Robinson of this city, and Carter were on their way from St. Joseph to Maryville. Mr. Zancker was driving a party of people to Maryville for the track meet. Carter and Zancker went through Barnard about the same time, and when they got on the road running west from Barnard they started to speed up. The road was in fine condition for a distance of over two miles. Zancker was in the lead, and when he met the wagon he passed on the side Mr. Wood was walking. Zancker, it is reported, missed Mr. Wood about two feet. The people along the road claim that they were going at a good gait. Carter followed Zancker in passing the wagon and hit Mr. Wood. The right front wheel of the car was torn off, but Carter was uninjured. Mr. Wood was picked up unconscious. He was carried to Worth Smith's home, a short distance away. The car hit the load of wheat and knocked it about a foot out of its tracks.

Carter's home is in Fairfax, and it is supposed he was on his way home from St. Joseph. George Zancker was driving the Comstock car and had as passengers Charles Berry, a prominent railroad man of St. Joseph; Rice McDonald of the Empire Trust company of St. Joseph, and his son and two other boys.

Both of the cars stopped after the accident, and Mr. Wood was carried to the home of Mr. Smith. Mr. Carter stayed with Mr. Wood until Sunday afternoon. He was much affected by the accident. In telling of the accident he said that Mr. Wood was out in front of the horses, as they were frightened by the automobiles. The horses jumped to one side of the road, throwing Mr. Wood in such a way that the car struck him. Mr. Carter was also of the opinion that Wood was thrown under the wagon load of wheat.

Several stories are told in regard to the accident, and there were no witnesses except Mr. Carter. It is not known whether any action will be taken by the county authorities.

It is also said by people that arrived on the scene of the accident that both cars passed the wagon of the wrong side of the road.

Charles Wood was 53 years old. He was born in Morgan county, Ohio, June 14, 1861. He moved to Nodaway county in 1880 and settled six and a half miles southeast of Graham and has lived there for nearly thirty years. He was married to Miss Louellen Smith, March 8, 1888. Five children were born to them, one daughter, Ruby Ethel, dying in infancy. They are Edna E., Louis, Harry E. and Mildred, at home. Five brothers and one sister survive him: Albert Wood, Chilen, Neb.; Joseph and John Wood of Blackwell, Okla.; Chester Wood Kerd, Cal.; William Wood, Skidmore; Mrs. Mary Jane Stowe of Fresno, Cal.

Funeral services will be held at the M. E. church at Graham Tuesday afternoon. Rev. W. A. Chapman will officiate and burial will take place at the I. O. O. F. cemetery there.

gave as a reason for not so doing this year the fact that while working out Tuesday of last week his pole broke, letting him fall to the ground and straining his back.

* * *

Harroun, the little fellow from St. Joseph Central who made such a good finish in the mile run and was cheered so heartily by the fans, had only practiced for the event about two weeks, and this was his initial appearance in any field event. He finished in fifth place, but made a phenomenal showing on the home stretch. It was the prediction of many spectators that if he appears on the program again next year he will give somebody a run for his money.

* * *

It is a very noticeable fact that none of the records established by Simpson of Bosworth were broken this year. It will be remembered that he is that tall fellow who kept himself wrapped up in a big army blanket and won first place in six events and one second place and broke four records. Somebody suggested that he be placed in a guard house. If you don't remember him just ask some of those fellows who had to compete against him and they can probably impart the desired information.

* * *

St. Joseph Central high school certainly upheld their reputation for consistent rooting this year. The school had a delegation of nearly 200 boosters, who came up on the special train from St. Joseph. The Maryville high school rooters were also very much in evidence and certainly supported their contestants loyally.

* * *

Due to the ideally perfect day and the good roads, the largest number of cars ever in attendance at this meet were lined up around the track Saturday.

Three directors of the club are to be selected at this meeting.

OLD PEOPLE GAIN

Strength by Taking Vinol—Here is Proof.

So many cases like this are constantly coming to our attention that we publish it for the benefit of others: Mr. John Widmayer of Jackson, Mich., says. "I am nearly 70 years of age, and was in a feeble condition but Vinol has done wonders for me. It is the best medicine to create strength I have ever seen and I have taken a good many of them. Last spring I was run down and worn out but I took Vinol and soon regained my strength. Vinol is certainly an invigorating tonic for old people."

It is the medicinal curative elements of the cod livers without oil, aided by the blood-making and strength-creating properties of tonic iron which are contained in Vinol that makes it so efficient in such cases.

If you have an aged father, mother or anyone in your family who needs a strength-creating tonic, try Vinol on our offer to give back your money if it fails to benefit. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Elmo Delegation Here Monday Seeing County Authorities About Dr. James Neeley.

A delegation from Elmo, composed of a number of the citizens, were in Maryville Monday seeing the county authorities in regard to getting a pardon for Dr. James Neeley, the Elmo physician, who was sent to the state penitentiary at Jefferson City last September, after pleading guilty in court to a charge of bigamy. Neeley was sent up for two years and has about a year left yet to serve. The delegation called on Prosecuting Attorney George Pat Wright, and he gave no decision in the matter, saying that he would take it under advisement.

A RADIUM ORE.

Pitchblende Deposit in Colorado the Only One in the United States.

The interest that has recently been manifested in radium has created a public demand for information both practical and theoretical in regard to the mineral deposits from which it is derived. A short report by Edson S. Bastin on the "Geology of the Pitchblende ores of Colorado," recently issued by the United States geological survey, deals mainly with the geology, mineralogy and origin of these deposits, their practical utilization having been treated somewhat fully in other publications.

The quantity of uranium ores mined in the United States is exceedingly small, and the great bulk of it, from Utah and southwestern Colorado, does not carry pitchblende but contains the brilliant yellow uranium mineral carnotite. The small pitchblende production of this country is all from the one locality described in this report, in the heart of Gilpin county, famous as the birthplace of the gold mining industry of Colorado. There pitchblende occurs as a constituent of mineral veins which were first worked for their gold and silver content and which still yield important amounts of these precious metals. It is notable that the only other localities in the world where pitchblende has been found in important quantities in mineral veins are the Erzgebirge (in Bohemia and Saxony) and the Cornwall district (in England). Its mode of occurrence in these countries is also described by Mr. Bastin.

This report forms Professional Paper 90-A and may be obtained free by addressing the director of the United States Geological Survey, Washington, D. C.

BETTER ROADS CONVENTION.

Called at Jefferson City, May 14th—State-Wide Movement.

A state convention is hereby called to meet in Jefferson City, Mo., on Thursday, May 14, 1914, to federate all good roads organizations and all lovers of better roads into a state-wide movement, a Missouri Better Roads Federation.

The call is made on the unanimous agreement of citizens who journeyed to Kansas City to consider ways and means to unite all good roads advocates and to eliminate every jar and discord liable to arise over disagreements as to ways and means of getting better roads of all types and kinds.

This plan to federate all elements is not only non-partisan and non-political, but it is free from factional purpose also. The following persons sign the call, no officers being chosen, as that is left to the delegated body in convention to decide: C. F. Adams of Chillicothe, G. J. Hinshaw of Kansas City, Frank W. Buffum of Louisiana, Roy F. Britton of St. Louis, W. A. Alsdorf of Kansas City, Jewell Mayes of Columbia, Judge E. W. Shannon of unions), central labor organizations, groups of bankers, automobile dealers' associations, road machinery and material organizations, real estate exchanges. Also the Missouri state board (19) of agriculture as a body, all county highway engineers, and a representative of each newspaper or magazine published in the state.

The committee voted to invite Governor Major and Ex-Governor Hadley to address the meeting, which will convene at 9 o'clock for one day, carrying out the non-partisan spirit without a dissenting voice. This is a people's convention, coming from all the ranks of life. It has no hidden motive or sinister purpose. It is a state-wide conference to federate all who want to continue the good fight for good roads, for "In union there is strength."

Spraying Peach Trees

First Spraying. A few days after the blooming period, when the calyx tube or "shuck" is just dropping off from the little peaches, spray with arsenate of lead paste 2 pounds, lime 4 pounds, water 50 gallons. (Slake the lime, mix the arsenate with water and pour in, then add water to make 50 gallons).

Second Spraying. Three weeks after the first application, use arsenate of lead paste 1½ pounds, the Scott self-boiled lime sulphur 8-8-50. This kind of lime cannot be bought, so it must be made at home. Slake 8 lbs. of lime in a box or large vessel. When it begins to simmer from its own heat, stir in 8 pounds of fine sulphur. Stop the simmering or boiling at the end of eight or ten minutes by pouring on cold water. Strain the mixture into a barrel and add water to bring up to 50 gallons.

Peaches are sprayed in order to prevent the brown rot which destroys the fruit near ripening time. To aid in preventing the rot, it is necessary to poison the curculio insect which is responsible for spreading the disease.

Sometimes a third application will be necessary. This should be made one month before the fruit is ripe with self-boiled lime sulphur 8-8-50. It is not necessary to add any poison. The commercial lime sulphur, even when greatly diluted, is not safe for spraying peaches, as it is liable to cause injury to both fruit and foliage.

Spraying Outfits. A barrel sprayer will spray from five to ten acres of orchard and costs, complete, from $12 to $30. A bucket sprayer is useful for whitewashing or spraying a dozen trees or less; costs $3.50 to $8. The small hand compressed air and knapsack outfits are used for spraying potatoes, nursery trees, berries and vineyards. They cost from $5 to $15.

HUERTA ACCEPTS MEDIATION OFFER

Spanish Ambassador Gets News to That Effect.

Washington, April 27.—Spanish Ambassador Riano announced that he had received private advices from Mexico City stating that General Huerta had accepted the offer of Argentina, Brazil and Chile to use their good offices to bring about an amicable settlement of the difficulty between the United States and Mexico.

This information, though unofficial, was accepted as authentic by the ambassador, who expects to be prepared to place General Huerta's formal acceptance before the representatives of the three South American countries today.

While the Latin-American diplomats were waiting until they could take up the mediation proposal further, activity in the war and navy departments proceeded, and department heads were exerting their energies to completion of the operations already under way at Vera Cruz and along the Mexican border.

BURTON WILSON A PRISONER

American Taken From Train by Federals Former Nebraskan.

Lincoln, April 27.—Burton Wilson, the American reported as being taken from a refugee train leaving Mexico City and detained, is a Lincoln man, a graduate of the University of Nebraska and a classmate of F. W. Lehmer of Omaha, arrested near Vera Cruz.

Wilson was in business in Mexico City. Last fall, when conditions in Mexico were disturbed, he brought his wife and children here for safety. They are now with relatives in Iowa. Wilson, when here, was apprehensive of trouble, and was in communication with Secretary Bryan and other officials on conditions prevailing.

Foreign Ships Carry Refuges.

Washington, April 27.—Secretary of State Bryan was advised that British and German war vessels had left Tampico, bound for Vera Cruz, loaded with refugees, mostly Americans. The secretary said that all nations represented in Mexican waters were co-operating with the United States in handling the refugees. The refugees from Tampico will be transshipped at Vera Cruz for transportation to Galveston.

Ranches Are Looted.

Washington, April 27.—An American who has just arrived at Eagle Pass, Tex., from Musquiz, a town in Coahuila, about 200 miles distant from Eagle Pass, reports that the federals have taken from Rosedia ranch 250 horses, 150 mules and 11,000 cattle. Notice, according to a message to the state department, has been given that all American property in that section would be seized by the Huerta forces.

Ammunition Smuggler Pardoned.

Leavenworth, April 27.—John S. Talbott, received at the federal prison from El Paso, Feb. 27, to serve a sentence of one year on a conviction of smuggling arms and ammunition across the border, was released on a pardon from President Wilson. Talbott left for El Paso. He announced he would enlist with the United States regulars upon reaching home.

Noncombatants Warned.

Vera Cruz, Mex., April 27.—Definite instructions from Rear Admiral Badger, commander in chief of the Atlantic fleet, to all American noncombatants to leave Vera Cruz by the steamer Mexico, were posted at the consulate and other conspicuous places.

MARTIAL LAW STOPS SNIPING

Idle and Vicious at Vera Cruz to Be Put to Work.

TO EXTERMINATE THE PRACTICE

Foreign Consuls Call at War Headquarters and Urge Action Be Taken to Stamp It Out Thoroughly—American Stores to Be Looted.

Vera Cruz, Mex., April 27.—By the effective method of extermination, sniping by Mexicans, which has been responsible for the killing or wounding of many Americans, is to be stopped. The foreign consuls called in a body at military headquarters and urged the adoption of some measures that would quickly restore tranquillity, and promising their co-operation at least their moral support.

The consuls were assured that there was no intention to subject the residents much longer to the danger of bullets from this source. It was decided that hereafter all American marines and bluejackets shall be withdrawn from all roofs except at a few designated points, such as church towers, and that the patrols shall be instructed to shoot to kill any other individual seen on any other roof after 7:30 o'clock in the evening.

The patrols also will be instructed to surround and search any house from which sniping occurs and to shoot any person guilty of indulging in this practice. It is realized that much of the trouble has been caused by the idle and vicious elements and prisoners of this class will be held in some building or inclosure in the outskirts and will be compelled to do much of the work which is now being done by the marines and bluejackets.

Information regarding the new and drastic measures to be employed is being disseminated by official order. It is likely that steps also will be taken at an early date to regulate, or even suppress certain of the local newspapers, which have been printing articles calculated to inflame the people against the Americans.

American Stores to Be Looted.

Circulars enumerating American business houses are being distributed in the streets of Mexico City. The handbills call on the populace to destroy the concerns listed. Some of the American stores whose names appeared in the circular already have been looted.

Another list being distributed is that of Mexicans managing some of the American stores. It is declared these men must be killed because of their identification with foreign interests.

The newspapers of the capital are publishing stories to the effect that the American forces at Vera Cruz are slaughtering women and children and the papers call on Mexicans in Mexico City to retaliate in a similar manner.

Other stories printed by the newspapers say that France, Germany, Great Britain and Spain had declared war against the United States and that American battleships have sunk several ships flying the flags of these nations. Mexicans also are told that the Mexican army has invaded the United States and that the negroes in the southern states have risen and are assisting the Mexicans.

Vera Cruz Under Martial Law.

Vera Cruz today is under martial law. Rear Admiral Frank F. Fletcher, commanding the American naval forces on shore, issued a proclamation to this effect and the last opportunity Mexicans had for handling their own affairs in Vera Cruz under their own laws disappeared.

Admiral Fletcher determined there should be no more quibbling with the Mexican officials regarding forms of government. Until further notice the residents of this port will be judged by military law. This proclamation makes Rear Admiral Fletcher absolute ruler ashore.

RED CROSS PERSONS SHOT

Two Attendants Bearing Mexican Child Fired on at Tampico.

Galveston, April 27.—Passengers of the Esperanza handed over a typewritten statement from Vera Cruz giving their versions of the escape from Tampico, asserting that the action of the American warships Dolphin, Chester and Des Moines in departing left them "unprotected" and "deserted."

Two small American ships, the statement said, the Wild Duck and the Wakiva, got out of the harbor by flying the German and British flags, respectively, after the Mexican gunboats at Tampico had threatened to sink them if they moved. The statement said two Red Cross attendants were shot down by Mexicans at Vera Cruz while carrying a Mexican child.

On board the Esperanza was an American wounded by a bullet which came through a port hole as the Esperanza left Vera Cruz.

Train for Refugees.

Washington, April 27.—The superintendent of the Southern Pacific railroad at Nogales has managed to have a special train dispatched from Lo Moschis to convey another train of Americans to Nogales, Ariz. Another train started from Esperanza to gather up Americans in the Yaqui valley and bring them to Nogales.

Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is *the one* tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco *cannot* sting, bite or irritate the delicate membranes of the mouth or throat.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.

MEXICANS IMPRISON AMERICANS

Taken From Train by Federal Soldiers.

ARE HELD AS PRISONERS

Protest Made by Head of Smelting Company is of No Avail.

MOB DEMANDS THEIR LIVES.

But They Are Protected by Police and Locked in Smelter.

Washington, April 27.—American Consul Canada has notified the state department that many American refugees have been taken from train and imprisoned at Aguas Calientes by Mexican soldiers.

Besides Americans, the consul reports other foreigners have been detained, most of them having been employees of the smelters at Aguas Calientes.

Protest against the action was made to Consul Canada by Alfred Doerr, president of the American Smelting and Refining company, who succeeded in reaching Vera Cruz from Aguas Calientes.

The state department at Washington, through the Brazilian ambassador, has asked that the American citizens imprisoned be released.

Among them was Gaston Schmutz, United States consul at Aguas Calientes.

Some of the others are: Miss Kay, matron at the Aguas Calientes hotel; Mr. and Mrs. A. B. Culver, Mr. and Mrs. F. H. Peyton and their two children, Mrs. H. Richlmann and her four children, Mrs. Schmutz, wife of the American consul; C. Baker, general manager of the American Smelting and Refining company; E. E. Hearn, H. D. Wilde, Mr. and Mrs. H. H. Harroun and their daughter, F. H. McAuley, Mr. Partridge, C. F. Lucas, J. I. Henderson, Mrs. A. B. Emery, Walter Eikel, A. W. Koch, H. Hendricksen of the La Fe Mining company, Mr. Kenyon, Mr. and Mrs. F. H. Lee, H. H. Hollingsworth and wife, P. W. Jones and Mr. Sorrell.

Pulled From Train.

Later it was learned that Consul Canada reported to the state department that the Americans and other refugees held at Aguas Calientes had been pulled from a train about to leave for Vera Cruz by a mob and that local police interfered and rescued them. They were then held in the smelters, none being permitted to reboard the train. Consul Canada also reported that about 300 American refugees from Mexico City had arrived at Vera Cruz.

Mr. Doerr, according to Consul Canada, reported the Aguas Calientes incident and gave the names of more than fifty Americans, mostly women and children, who were on the train and are now in the smelter, where they are held for protection. He says that when the party was first dragged off the train at Incarnacion, the mob demanded the lives of the Americans, and even went so far as to produce two priests who might have heard their confession before they were put to death.

Troops who were on hand dissuaded the mob from violence at that stage, segregated the Americans in one car and managed to get them to the smelter, where they are now confined.

Another party of about fifty Americans boarded the same train which left Aguas Calientes, but were thrown off by the train crew at Trinidad, where, at last reports, they were stranded with no hotel and no accommodations of any kind.

Crowds at Montevideo Hostile.

Montevideo, Uruguay, April 27.—A demonstration occurred here in protest against American intervention in Mexico. The police prevented the demonstration from approaching the American legation and finally dispersed them. During a scuffle between the police and a group of rioters several persons were injured.

Mexicans Burn Bridges.

Washington, April 27.—Naval aviators, who made flights over and around Vera Cruz, reported that several of the bridges and trestles along the railroad from Mexico City were burning. This was cabled to the navy department by Rear Admiral Fletcher.

Martial Law for Ulster.

London, April 27.—Confirmation has been received that the authorities are preparing to move troops into Ulster and it is rumored that martial law will be proclaimed there.

FLAG TORN DOWN BY FEDS AT MONTEREY

Consul General a Prisoner, but Liberated by Rebels.

Washington, April 27.—United States Consul General Philip C. Hanna at Monterey reported to Secretary Bryan that he had been humiliated and placed in jail by Mexican federal officials April 22, and kept behind the bars until released two days later by the constitutionalists when they captured the city.

Consul Hanna's telegram follows:

"On April 21 a federal military officer named Captain Alvarez Del Castillo, evidently instructed by the federal military commander to tear down all American flags, arrived at this consulate general with a street mob and pounded on the door and demanded that the American flag over this consulate general be immediately lowered or he would shoot it down, and the other federals proceeded to tear down all American flags, standing on them and making speeches, throughout the city of Monterey, burning some of them, and tearing them up and leaving them piled in the middle of the streets.

"It was the most insulting act that I or any of the people of Monterey have ever witnessed. They then placed a police guard in front of this consulate general, and all the inmates in this building were considered prisoners. The next morning a police lieutenant arrived with a force of men and advised me that he had been instructed to search the building. When the insulting search was completed your consul general was taken prisoner through the streets and carried first to the penitentiary and afterwards to the state government palace, which building has been for some time military headquarters and fortified, and was the object of special attack by the then attacking forces.

"About 8 o'clock in the evening, April 22, I was taken before the military court and notified that I was charged of being in sympathy with the constitutionalist chiefs.

"I was kept a prisoner in communicado until the evacuation of the city by the federal troops and until the arrival of the constitutionalists' forces early this morning. There were times during the period when it was believed by many that I would be shot or carried to the mountains as their prisoner in case the federals evacuated. However, the evacuation of the city by their forces, federal, state and police, took place during last night, and I was left alone in the state capitol building.

"The constitutionalist forces carried on a successful attack for about five days, which resulted in the defeat of the federal army with heavy losses."

BANKERS UNDER ARREST

Taken Into Custody When They Refuse to Loan Huerta Money.

Vera Cruz, April 27.—According to advices received here from Mexico City, K. M. Van Zandt, the president, and all the trustees and officers of the American club there are under arrest and all are officials of the Mercantile Banking company and the Mexico City Banking company. The officers of the banking institution were arrested because of their refusal to contribute money to the Mexican government.

The American grocery was burned and an attempt made to fire the American club. Three other American stores were looted.

The government appears to be encouraging the demonstrations against Americans, although the burning and looting is held in check by the police.

Mexicans Raid Ysleta Powder Stores.

El Paso, Tex., April 27.—Armed Mexicans are reported to have raided a private powder magazine at Ysleta, twelve miles east of here. Deputy sheriffs are said to have fired on them. Troop A, Thirteenth cavalry, is reported to have rushed to the scene.

Mrs. P. J. Tobin and son, Francis, were Sunday guests at the home of her brother and sister-in-law, Mr. and Mrs. D. F. Sherlock of St. Joseph.
